## Our Values

The Women's Creative Leadership Network is a group of **everyday women around the world who have an extraordinary passion** for making the world a better place.

This network is based on The Fruition Coalition's core values:

- **Optimism.** We have vibrant dreams for the future and are actively working toward the creation of a more compassionate, just, sustainable, harmonious, joyous, and beautiful planet.
- **Love.** Our work is based upon the principles of harmony, peace, joy, trust, compassion, and lovingkindness.
- **Justice.** We stand in solidarity with all who are oppressed and freely share our intellectual, emotional, social, and material resources for the common good.
- **Community.** We are committed to building a sense of community by uniting people within and among organizations.
- **Curiosity.** Our work is an exciting adventure and we continually seek to uncover and understand the mysteries of people and organizations with an open heart and mind.
- **Wisdom.** We equitably appreciate theory, research, experience, and intuition.
- **Creativity.** We approach our work with artistry and are inspired by imagination.
- **Liberation.** We value freedom of thought and expression and believe that power should be intentionally used for the cultivation and cultural enrichment of self, organizations, and communities.
- **Integrity.** Our words and actions are fully aligned with our vision and core values.
- **Sincerity.** We are honest about our intentions and act with authenticity.
